- Preview the items offered for sale **check the condition of goods before the sale.** Most vehicles and RV's are available for previewing at least 2 day's prior to the auction.
- Check the condition of goods before the sale. If you are so inclined ask a friend or acquaintance to help you inspect the items. They don't have to be a mechanic even someone with basic automotive knowledge can help you in your selection process.
- Comparison shop before an auction to determine the appropriate value of units offered for sale.
- Take this opportunity to examine the items you are interested in, record the VIN (Vehicle Identification Number) and always do your homework.
- We provide CAR FAX on all units 2008 or newer. Review **BEFORE** the auction, once vehicles are purchased there is **no retraction** of bid due to CAR FAX reports. Please note some vehicle history reports may claim that the vehicle has a lien on it. Michener Allen Auctioneering does a comprehensive lien search on all vehicles that we sell and GUARANTEE you a clear title or your money is refunded.
- Michener Allen will declare the Canadian registries status to the buyer:

- Before bidding, familiarize yourself with the methods of payment that we accept. Make sure you read and understand the terms and conditions of sale and any special conditions that apply to certain goods. (Cash, Credit [NO AMEX], Debit, Bank Draft, Certified Cheque)

You can save yourself a considerable amount of money buying at the auction, but you must consider that typically most items sold by auction are on an "AS IS WHERE IS" basis. Once the auctioneer indicates the item is SOLD, you are responsible for paying for it.
