Summary

On August 21/ 2012 at the request of Mr. Richard Bach, I did a visual inspection, took new digital photos and reappraised his Coast to Coast reproduction 1937 Ford Roadster. The reason for this reappraisal is to establish a fair market value of this vehicle for insurance purposes.

Valuation

93,500.00 (Ninety three thousand, five hundred dollars)

Values are expressed in Canadian dollars

This is not the appraisal report. The Appraisal report must be read in its entirety.

Conditions and limitations of this Appraisal Report

Opinions and conclusions made in this report reflect my professional judgment based on the facts and conditions available to me at the time of this report. The intended use of this report is limited to use for insurance purposes only and is not for any other use or distribution to other parties.

Certification of Report

All facts and data set forth in this report are true and accurate to the best of this appraiser's knowledge and belief. The information used to evaluate this vehicle has been obtained from various sources, which are considered to be current, reliable and, although not guaranteed, is thought to be correct. I have made a personal inspection, taken photographs of the subject vehicle and discussed its individual components with the client. The onus is upon the client if the said client has misrepresented any of the details regarding this vehicle.

This valuation is based upon current market conditions, adjusted meet this particular vehicle and assumes that the vehicle will remain in its current condition with no additions or deletions. Any changes in the vehicle will negate this appraisal.

The appraiser has no present, or prospective interest, or bias, with respect to the vehicle or the parties involved.

Hy Standard Auto Appraisals assumes no responsibility or liability for the roadworthiness, drivability, or safety of the subject vehicle.

This report has been prepared in compliance with the standards and practices as set out by the Canadian Personal Properties Appraisers Group and Specialty Vehicle Appraisal Institute of Alberta and is subject to review by them or their duly authorized representative.

My compensation is not contingent upon the reporting of value pertaining to this vehicle.

Comments:

This car was built to car show standards with careful attention to finished details. The current owner has driven the car to some local shows, over the past three years the car has been driven a total of 734 miles. The car shows no signs of road rash or damage. The frame and under body has been completely detailed and shows no signs of leakage or damage from the limited usage.

Inspection of Vehicle

Body: Coast to Coast 37 Ford Roadster

Body Modifications

This is a fibreglass reproduction of an older body style, which has been altered and stylized to a smoother look than the original.

Comments

Nice example of this body style built to show car standards by a hot rod shop that specializes in this type of car.
