the United States must be exposed to the very real possibility of a "major escalation" during the 1980s, and that the Chinese quantity of arms exports to the United States will be "substantial." The report also states that the Chinese are "increasingly aware of the need to improve their military technology and to develop a more sophisticated military capability." The report also states that the Chinese are "increasingly aware of the need to improve their military technology and to develop a more sophisticated military capability."
