Lube Town provides Limited Warranty on workmanship to be free of defects for a period of thirty (30) days from the date of service on 1000 kilometers, whichever comes first. Lube Town uses parts that will meet or exceed your manufacturer's warranty requirements. The warranty is voided if Lube Town is not given first opportunity to inspect the vehicle and authorized to take whatever corrective action necessary, prior to any repeat work being performed. Any pre-existing condition that becomes apparent during or after servicing is not covered. Warranty is voided if the vehicle is operated while the red oil pressure or red temperature light is activated. The customer must present this invoice and must retain a sample of the products involved to support claim. The visual courtesy inspection of every vehicle change should not be regarded as a thorough mechanical inspection. The warranty is voided if the customer does not return for parts or repairs will be identified by the visual inspection. For more information, see Limited Warranty for terms and conditions. By signing below the customer acknowledges that he or she has read and understands the limited warranty.

Vehicle Care Commitment

It's about "Peace of Mind..."

Thank you for choosing our service department to handle your vehicle's service needs. In order to provide the quality service you deserve, we have invested in the latest diagnostic equipment and information systems. These help us fully understand your vehicle's service and maintenance requirements so that we can service your vehicle in the most comprehensive and economical way possible.

We are pleased to present to you a "Know Your Vehicle" report today. It's important to us that you leave our dealership with peace of mind, so we take the extra time necessary to analyze your vehicle's health to make sure it is operating at its optimum levels. This bumper-to-bumper inspection report will help you better understand your vehicle's performance and health. Staying on top of your vehicle's health is vitally important to ensuring your safety on the road.

Thank you for this opportunity to assist you. We appreciate your business. Please feel free to contact your service advisor if you have any questions or concerns. We will do everything we can to put your mind at ease and keep you and your family safe on the road.

How we give you "Peace of Mind..."

To help you understand what your vehicle needs to stay in top operating condition, we:

- Perform a world class visual inspection on your vehicle every visit
- Review your vehicle's maintenance schedules and search our extensive database to uncover anything we believe you should know about your vehicle based on its odometer reading and time on the road
- Make recommendations and complete a Treatment Plan for your vehicle
- Offer a complete easy to read and understand report that enables you to make an educated decision for your vehicle's service needs. Items on the report will be classified as follows:
 - Pass** - Items are new or "like new" and do not require service at this time
 - Caution** - Items that are dirty or showing signs of wear and would benefit from being serviced soon
 - Fail** - Items that have either worn below minimum specifications or are no longer doing what it was designed to do and need to be repaired immediately

DISCLAIMER: Addressing any identified issues listed by the report, should improve the safety and performance of your vehicle. However, please remember that the inspection is limited to a visual inspection of the items listed on the report without disassembling or test driving your vehicle. Therefore, it is not possible for the technician to see or identify all potential defects, especially those that are internal to the engine, transmission, driveline, electrical system or other components. The cleanliness of the vehicle both inside and out at the time of the actual inspection may reduce the accuracy of the inspection. Your vehicle may have conditions that are not evident at the time of the inspection or otherwise not presented or noticed during the inspection process. Therefore, the inspection and condition report does not provide any guarantee or warranty that the vehicle will not break down in the future, or have conditions that were undetected during the inspection or were omitted from the report.

WARRANTY INFORMATION

Lube Town provides Limited Warranty on workmanship to be free of defects for a period of thirty (30) days from the date of service or 1000 kilometers, whichever comes first. Lube Town uses parts that will meet or exceed your manufacturer's warranty requirements. The warranty is voided if Lube Town is not given first opportunity to inspect the vehicle and authorized to take whatever corrective action necessary, prior to any repair work being performed. Any pre-existing condition that becomes apparent during or after servicing is not covered. Warranty is voided if the vehicle is operated while the red oil pressure or red temperature light is activated. The customer must present this invoice and must retain a sample of the products involved to support claim. The visual courtesy check included with every oil change should not be regarded as a thorough mechanical inspection. No warranty is expressed or implied that all necessary parts or repairs will be identified during the visual inspection. Refer to Lube Town's Limited Warranty for terms and conditions. By signing below, the customer acknowledges that he/she has read and understands the Limited Warranty.

Cardholder acknowledges receipt of goods and/or services in the amount of the total shown hereon and agrees to perform the obligations set forth in the Cardholder's agreement with the issuer.
