Trim Level 2dr Coupe 3 Speed

Engine Flathead V8

Transmission 3 Speed

Odometer 145

Odo Type MI

Color Green

Comments Gorgeous 1951 Mercury Meteor Custom Coupe. This Custom Coupe was resurrected out of a local farmers field where the car has been completely stripped down, rust removed, sand-blasted to the basic metal finish of each panel and properly prepared for assembly. From the frame of this classic to the fine details of the exterior trim, the car has risen to a very special custom one-of-a-kind show car that is fully functional with several key custom one-of-a-kind features. These features include professionally applied WA7085 Synergy Line Green exterior base coat clear coat application. Every body panel assembled shows a high caliber of accuracy in respect to body lines and gaps. The front and rear bumpers have an alignment far superior to the original build. All new rubber gaskets and grommets throughout the full assembly including around all new window panels throughout the car. Extensive powder coating has been generously applied to the under-carriage area and engine bay area paneling. Pyle premium audio sound dampening foam material has been installed inside of the

two door panels, floor pan and trunk pan areas that will definitely lower the decimals of road noise and raise the acoustic level of the custom stereo. The wiring from the front head lights to the rear taillights is completely new with a professional kit complete with fuse panel, relays and harness manufactured by a well known and proven company called Painless. Authentic wiring gauge material with connectors show very well for judging and reliability. The heart of this classic is the era correct L series flat head V8 255 engine. However, several performance enhanced items from the pistons to each of the intake heads, carburation and ignition system have all been enhanced to produce around 190 hp. The engine, transmission and rear axle assembly has been completely overhauled as new along with a new driveshaft. The suspension of this car has been replaced as new along with the full braking-system on all four wheels, stainless steel lines and master cylinder. The exhaust system is a custom fabrication of a true dual exhaust with classic rumble. The interior of the car full coach work is a full white leather with lime green accent piping to compliment the exterior paint finish. All switches within the dash area along with all the gauges are new including all the hard-to-find chrome trim pieces. This includes all the chrome trim pieces that accent the exterior finish. A special mention of exterior accessories is the era correct sunshade panel that hangs over the front windshield. The extensive and glamorous chrome exterior trim on this car is majestic that is truly from an era of superb artistry. Appraisal can be viewed in the "documents" tab.
